As part of the admission process, the Division of Social Work requires you to disclose information regarding any criminal convictions you may have as an adult. This information is necessary to assist in academically advising students of difficulties that may arise during the process of obtaining a field placement, professional licensure or other job placement. Some field placement sites and professional licensing boards are required by law and/or policy to exclude people who have certain convictions. For this and other reasons, please answer the following questions:

Have you ever been convicted of a felony as an adult?

☐ yes  ☐ no

Have you ever been subject to disciplinary action by an employer or another academic institution?

☐ yes  ☐ no

If yes, please explain in the personal essay. This information may or may not influence admissions/placement procedures.

I have read and understand the academic and professional requirements for admission.
